WE CAN PUNCH VINYL

We have our own vinyl punching machine and can slit and punch vinyl to suit Gerber Plotters and Gerber Edge Printers.

WE CAN SLIT VINYL

We now have state of the art, modern machinery to slit rolls of vinyl as thin as 6mm.

Multi-fix series 7900 premium—7 year gloss coloured vinyl

key features

- > 7 year outdoor durability, gloss opaque vinyl
- > 48 high gloss colours
- > 70 micron thickness
- > solvent based adhesive
- > polymeric vinyl
- > soft and highly conformable to irregular surfaces
- > high resistance to petroleum products and salt water
- > high dimension stability; superior to most cast vinyls
- > proprietary polymer blend and world-leading adhesive technology make premium the most advanced vinyl available
- > black and white available in 60 micron polycast (ultra aggressive 7–9 year).
